QUALITY & PRODUCTIVITY DIVISION

Certification Program on

Internal Auditor Training for AS 9100 Rev D
(QMS Requirements for Aviation, Space and Defence Organisation)

24 – 26 September, 2018

(An ISO 9001:2015 Certified, AICTE & CEA Recognized Institution)

Centre for Promotion of Professional Excellence

INTRODUCTION

AS9100 D is a widely adopted and standardized quality management system for the aerospace industries developed by SAE during 1998. The standard defines the requirements in line with the requirements of FAA for an organization to deliver products & services of a high degree of acceptable quality because of the criticality of the process involved in the aerospace industries.

The requirements are intended to make significant improvements in quality and reductions in cost throughout the value stream. AS 9100 D Standards includes several new requirements and clauses that focus on planning, project management, risk management and configuration management etc.

Conformance to AS9100 provides international credibility that an organization adheres to the strictest quality standards required for aerospace industries.

OBJECTIVES:

- To gain in depth understanding of AS 9100 Rev D requirements.
- Enable the participants to plan & conduct the internal audit to improve the effectiveness of aerospace QMS and add value to the organization.
- To enhance auditing skills & demonstrate compliance to the standard's requirement.

COURSE CONTENTS

- Genesis of aerospace standards
- Quality management principles
- Explain the intent and requirement of each clause of AS9100 Rev D
- Documentation requirement by AS9100 Rev D
- Auditing: Principles, Auditor attributes, competence & evaluation
- Types of audits Audit planning and performance
- Reporting of non-conformities, corrective action and close-out
- Individual / Syndicate exercises/ role-play activities
- Course summary /Written examination

BENEFITS

- Ensure AS9100 D standards of safety and reliability in your organization Identify the knowledge and skills associated with internal audits
- Achieve continual improvements across your organization
- To conduct & manage internal audits of aerospace QMS based on requirements of AS 9100 D
- Regulatory Bodies will have more confidence on suppliers having AS 9100 (D) certification
- Better Reliability of products will enhance the market reputation of such organizations.

TARGET PARTICIPANTS

- Executives from Government/Defense/PSU/MNCs and others aerospace organizations
- Executives who wish to become competent internal auditor for aerospace QMS
- organization implementing aerospace Quality Management Systems
- Consultants/Suppliers of Aviation, Space and Defense organizations.

CERTIFICATE

Participants who successfully clear the written examination and continuous assessment during the course will be awarded completion certificate.

METHODOLOGY

The course designed to provide a comprehensive learning packages through formal lectures, individual, interactive exercises, case studies, role playing for better learning and also sharing the experience gathered through regular audits & working experience in the industry.

PROGRAMME VENUE, DATES & TIMINGS

Venue : Engineering Staff College of India (ESCI) Campus, Old Bombay Road, Gachibowli, Hyderabad - 500 032. Telangana State, India.

Dates: 24 – 26 September, 2018

Timings: On the first day Registration will commence at 0900 hrs. On all other days the program timings will be from 0945 - 1715 hrs with breaks in between for tea and lunch.

COURSE ADVISORS

LT GEN (Dr) VJ Sundaram, Chairman – Governing Council, Engineering Staff College of India

Shri S K Verma, Chief Mentor – Engineering Staff College of India.

COURSE DIRECTOR

D. Sheshadri, Senior Faculty & Head – Q & P Division, ESCI

COURSE FEE

Rs.16,500/- (Residential)+ 18% GST per participant. Fee includes, course material, course kit, twin-sharing/single AC accommodation as per availability, breakfast, lunch, dinner, tea / coffee and snacks during the actual days of training program.
