Autonomous Organ of The Institution of Engineers (India)
Old Bombay Road, Gachi Bowli, Hyderabad – 500 032. TS, India

WATER RESOURCES DEVELOPMENT DIVISION

Continuing Professional Development Programme on
**Project Management using MS Project and
Primavera Software**
22 – 26 July, 2019

(An ISO 9001:2015 Certified, AICTE & CEA Recognized Institution)

Centre for Promotion of Professional Excellence

INTRODUCTION

Project is a unique process, consisting of a set of coordinated and controlled activities to achieve objectives conforming to specific requirements, within constraints of time, cost and resources. Project Management involves planning, organizing, monitoring, controlling and reporting all aspects of a Project and the notification for all those involved in it to achieve the project objectives.

The software applications are designed to assist project managers for effective project management. The Software creates critical path schedules, which can be resource levelled. Resource (men, machinery and materials) can be shared between projects using a shared resource pool. Each resource can have its own calendar which defines on what days and in which shifts a resource is available.

The Software also creates budget based on assignment work and resource rates. As resources are assigned to tasks and assignment work estimated, the Software calculates the cost which equals the work times the rate. This rolls up to the task level, than to summary tasks and finally to the project level. The Software is extended with Project Server and Project Web Access. Project server stores data in a central database. Project Web Access allows user to display and update this data over the Internet. Web Access allows authorised users to access a Project Server database across the Internet. It includes timesheets, graphical analysis of resource workloads and administrative tools. The Software recognises different classes of users. These different classes of users can have differing access levels to project views and other data. Custom objects such as calendars, views, tables, filters and fields are stored in an enterprise global database, which is shared by all the concerned users.

OBJECTIVE

This 5-day course provides a conceptual and practical understanding of the methods and tools used in Project Management.

COVERAGE

- Introduction to Project Management – Principles and Practices
- Procurement Procedures
- Developing, a schedule plan and control
- Scheduling in Multiple Projects
- PERT, CPM, WBS Techniques
- Financial Management and Cost Control
- Software for Project Management - MS Project and Primavera
- Contract Administration in Projects
- Analyzing resources by leveling the resource using crashing, stretching & splitting
- Quality Management
- Risk Management
- Case Studies - Hands on Sessions using MS Project and Primavera
- Project Management for Infrastructure Projects

METHODOLOGY

Methodology includes class room lectures with audio visuals, Hands-on Sessions on Software Applications, interactive sessions through group discussions, case studies etc. Emphasis would be laid on sharing of experiences of participants. Active participation is solicited from participants. Medium of training is English.

TARGET PARTICIPANTS: Programme will be useful for Engineers Working in Engineering Departments of State and Central Governments / Public Undertakings, Project Engineers / Managers, Project Leaders in IT, Construction Engineers, Maintenance Engineers, Software Professionals, Planning and Scheduling Engineers, engaged in Project Construction Companies.

PROGRAMME VENUE, DATES & TIMINGS

VENUE :

Engineering Staff College of India (ESCI) Campus, Old Bombay Road, Gachi Bowli, Hyderabad - 500032, TS India.

DATES

22 – 26 July, 2019

TIMINGS

On the first day, registration will commence at 0900 Hrs. On all other days the programme timings will be from 0945 to 1715 hrs with breaks in between for tea and lunch.

COURSE DIRECTOR

K Muralidhar, M.Tech, PGDM-IM

Sr. Faculty
WRD Division

ADVISER

M. Rama Mohan

(Former Chief Engineer
RWS&S Dept., Andhra Pradesh
Former Director SBM Govt. of Telangana)
Adviser, WRD Division

COURSE FEE

Residential Fee is Rs.25,000/- per participant. Residential fee includes course material, course kit, and twin-sharing / single AC accommodation as per availability, Breakfast, Lunch, Dinner, Tea / Coffee and Snacks.

DISCOUNTS

Non-Residential Fee: 10% discount on course fee is allowed for non-residential participants.

Group Discount: Additional 10% discount for three or more participants if sponsored by the same organization.

(All discounts are applicable only if fee is received at ESCI before the commencement of the programme)

GST @18% as applicable is to be paid extra over and above the training fee. **PAN Card No AAATT3439Q;**
GSTIN 36AAATT3439Q1ZV (under commercial training or coaching services).

Programme fee is to be paid in favour of “**IE(I)-Engineering Staff College of India**” in the form of demand draft payable at Hyderabad.

Alternatively the payment may be made by **Electronic Fund Transfer (EFT)** to ESCI - SB A/c No. 10007111201 with The SBI, PBB, Rajbhavan Road Branch, Khairatabad, Hyderabad-500004 by **NEFT/RTGS/ IFSC Code No.** SBIN 0004159 – MICR No.500002075. **While using EFT method of payment, please ensure to communicate us your company name, our invoice reference and programme title.**

REGISTRATION

Online registration shall be available on ESCI website. To register manually, please send your nominations giving details of name, designation, contact address, email address, mobile, telephone and fax numbers of the participant along with the details of mode of payment of fee, addressed to:

Head

Water Resources Development Division
Engineering Staff College of India
Gachi Bowli, Hyderabad – 500 032
Phone: 040 – 66304117 – 9 (Dir.) 23000465 (EPABX): Extn: 4117– 9
Fax: 040 - 23000336
E-Mail : wrd@escihyd.org
Url : www.escihyd.org

CERTIFICATE: A certificate of participation will be awarded to each participant on conclusion of the programme.

GENERAL INSTRUCTIONS

- ESCI encourages participants to present case studies from their respective organizations.
- For the convenience of the outstation participants ESCI will facilitate pickup and drop from Airport / Railway Station/ Bus stations, if travel plans are received at least 3 days in advance along with mobile number by fax or email. The charges shall be paid by the participants directly to the cab.
- ESCI provides complimentary accommodation to participants a day prior to the commencement and after the conclusion of the programme. (Check in at 12:00Hrs) one day after conclusion (Check out at 12:00 hrs) of the programme duration.
- Overstay charges of @ Rs.990/- per day, per head will be charged.
- Well developed Information Centre and internet facilities are available to the participants.
