ISO 9001:2015 QMS- Lead Auditor Training

18 – 22 December, 2017

In Collaboration with

Intertek

(An ISO 9001:2008 Certified, AICTE & CEA Recognized Institution)

Centre for Promotion of Professional Excellence

INTRODUCTION

To progress and sustain in the aggressively competitive domestic and international markets, adoption of sound Quality Management System is an absolute minimum requirement. ISO 9000 Quality Management Systems employing a Process Approach to Quality Management are adopted worldwide. Registration to ISO 9001 QMS ensures that appropriate Quality Systems are effectively followed. Effective Implementation of the standard helps to continually manage and improve Quality of products & services leading to overall organizational efficiency.

The much anticipated standard ISO 9001:2015 is published on **23rd September 2015** by the International Organization for Standardization (ISO) and the International Electro technical Commission (IEC). It replaces ISO 9001:2008 (Quality Management System).

OBJECTIVES

The aim of the course is to provide an understanding of the principles and practices of Quality Management System auditing and to impart practical training on quality auditing skills.

At the end of the course the participants will be able to:

- Understand & interpret the requirements of ISO 9001:2015 and how they apply to the processes of an organization.
- Conduct an effective gap analysis.
- Conduct internal and suppliers' audit
- Prepare the organization for third party certification audit
- Initiate improvements in the Quality Management System (QMS) of an organization
- Effective implementation of QMS leading to overall improvement in organizational Growth.

COVERAGE

- Concepts of Quality Management & IRCA Auditor Registration Scheme
- Evolution of Quality Management Systems
- Overview of ISO 9000 Series of Standards
- ISO 9001 :2015 as a Model for QMS
- Quality Management Principles
- Overview of ISO 9001 requirements
- Introduction to the Assessment Process
- Quality Systems Auditing
- Preparation for Assessment
- Conducting on-site Assessment & Evaluation of Results
- Audit Tools & Techniques
- Post Assessment Activities
- Syndicate Exercises and Role Play.

METHODOLOGY

The course is designed to provide a comprehensive learning package through the use of formal lectures, individual exercises, interactive exercises, case studies, role playing, etc. Syndicate exercises on ISO 9001:2015 standard will be covered to provide appropriate interpretation of the requirement.

TARGET PARTICIPANTS

The course is suitable for those:

- Needing a detailed knowledge of quality auditing process.
- Jobs involving assessment of suppliers and potential suppliers.
- Responsible for managing the internal quality audit function within their organization.
- Involved in preparing their organization for assessment by customers or certification body.
- Willing to become registered as Auditor or Lead Auditor with International Register of Certificated Auditors (IRCA), Chartered Quality Institute (CQI) – UK.

PREREQUISITE

Prior to commencement of the course, all participants are expected to have a basic understanding of the content & implementation of ISO 9000 series of standards.
