## INTRODUCTION

With the advent of globalization, the Technical and Higher education system in India has been subjected to major changes. However, Quality of Education and training being imparted in Technical Education Institutions varies from excellent to poor, with some institutions comparing favorably with the best in the world and others not able to achieve even minimum standard of Quality. For improving quality and facilitate mobility of our students across the globe, Government of India took some steps.

In 1986, Government of India came out with National Policy on Education. As a follow up of this policy statement, Government of India established two separate bodies namely National Board of Accreditation (NBA) through All India Council for Technical Education(AICTE) and National Assessment & Accreditation Council (NAAC) through University Grants Commission (UGC) in the year 1994. Both the bodies provide accreditation to those institutions practicing prescribed Quality Assurance System and achieve specified level of Quality as per the criteria defined. While NBA focuses largely on the parameters that communicate the strength & weakness of a program, NAAC concentrates on Institutional Accreditation. NBA accreditation is also made mandatory for the engineering colleges.

India has now joined the elite 17-member group of permanent signatories. Washington Accord is an international accreditation agreement for Engineering Degrees among prominent nations of the world. The agreement is aimed at promoting mobility and quality assurance of engineers across international boundaries. The Accord requires member nations to ensure that the highest quality assurance standards are implemented in their technical and engineering programs.

Government of India also conceived **Technical Education Quality Improvement Program (TEQIP)** to improve Quality of Technical Education suiting to current National & Global requirements.

The present scheme of NBA accreditation is outcome based unlike in the past. This training program is conceived to facilitate understanding of what constitutes program outcomes and Program Educational Objectives and how to formulate and achieve these.

## OBJECTIVES

- a) To understand the different initiatives taken by Government of India for Quality Assurance in Technical and Higher Education
- b) To provide knowledge and skill on the latest outcome based systems of NBA and conduct Self Assessment
- c) To define PEOs/POs and Evaluation Guidelines.
- d) To interpret requirements of NBA/NAAC Accreditation Criteria.

## COVERAGE

- Quality Initiatives, Quality Assurance and TQM Application in Technical & Higher Education
- Quality Enhancement through Enablers & Outcome based Approach
- Educational Excellence Models
- Criteria for NBA Accreditation / Evaluation Guidelines / Preparation of Self Assessment Report (SAR) / Program Educational Objectives & Program Outcomes(PEO's & PO's)
- Criteria for NAAC Accreditation / Preparation of Self Study Report (SSR)
- Case Study/Panel Discussion

## METHODOLOGY

The program will be conducted in an interactive environment providing scope for discussions. Emphasis will be on a highly participative style of learning through Lectures, Group discussions & Mock Accreditation activities.

## TARGET PARTICIPANTS

The Three day program is designed for Directors, Principals, Heads of Institution, Educational Administrators, Registrars and Senior Faculty members from Technical & Higher Education Institutions / Universities (Government & Deemed Universities) who are the key personnel to understand and implement Quality Initiatives in their Institutions. The Technical / Higher Educational Institutions who are planning to go for NBA / NAAC Accreditation will benefit enormously by attending this workshop.
