WATER RESOURCE DEVELOPMENT DIVISION

Continuing Professional Development Programme on
Watershed Development –
Water and Soil Conservation Works
13 – 16 November, 2018

(An ISO 9001:2015 Certified, AICTE & CEA Recognized Institution)

Centre for Promotion of Professional Excellence

INTRODUCTION

By end of Tenth five year plan, it was noticed that the Rainfed areas of 85 million hectares out of 142 million hectares of net cultivated area have suffered neglect in the past and even now there exists high untapped productivity and income potential in these areas.

National Water Policy 2002 States that “Drought-prone areas should be made less vulnerable to drought associated problems through soil-moisture conservation measures, water harvesting practices, minimization of evaporation losses, development of ground water potential including recharging and the transfer of surface water from surplus areas where feasible and appropriate”.

The draft National Water Policy 2012 also stresses the need for “Watershed Development activities to be taken in a comprehensive manner to increase soil moisture, reduce sediment yield and increase land and water productivity. To the extent possible, existing programmes like MGNREGA may be used by farmers to harvest rainwater using farm ponds and other soil and water conservation measures”.

Based on the experiences of the Watershed Development programmes executed so far, Govt. of India in coordination with the Planning Commission, formulated Common Guidelines for Watershed Development Projects in the year 2008 and also revised in 2011. These guidelines indicate a fresh framework for the future Watershed Development Projects.

Implementation of Watershed Development Programems in an integrated manner with holistic approach certainly paves the way to meet the challenges posed by the drought conditions specially in drought prone areas of our country

OBJECTIVE

The proposed training programme aims at updating the knowledge and upgrading the skills of the serving Engineers, Agriculture Officers, Officers of Forest Department, Scientists, Sociologists, administrators and others involved in watershed development and management and also drought management

COURSE COVERAGE

The programme is structured to cover broadly the following areas:

- ❖ Overview of Watershed Development and Management
- ❖ Common Guidelines for Watershed Development Projects – 2008 – Revised Edition 2011
- ❖ Integrated Watershed Management – Concepts and Management
- ❖ Soil and Water Conservation Structures – Design and Construction
- ❖ Introduction of Micro Irrigation Systems in Watersheds
- ❖ Convergence of various Programmes with integrated watershed Management Programme.
- ❖ Impact of Watersheds – Case Studies
- ❖ Field Visits

METHODOLOGY

The programme will be conducted in an interactive environment providing greater scope for discussions. Emphasis will be on a participative style of learning. The classrooms are equipped with latest audio-visual aids for better learning process. Experts from premier organizations will be invited to share their experiences.

TARGET PARTICIPANTS

The course is meant for Junior and Middle as well as Senior level Engineers and other officers associated with Water-shed Development & Management and also Drought Management specially from the depts. of Agriculture, Water Resources, Rural Development, Panchayat Raj, DWMAs, DRDAs and other allied Depts. of both State and Central Govts.

PROGRAMME VENUE

Engineering Staff College of India (ESCI) Campus, Old Bombay Road, Gachi Bowli, Hyderabad - 500032, Telangana, India.

DATES

13 – 16 November, 2018

TIMINGS

On the first day registration will commence at 0900 Hrs. On all other days the programme timings will be from 0945 to 1715 hrs with breaks in between for tea and lunch.

COURSE DIRECTOR (S)

B. Leela Prasada Rao, B.E., M.Tech
Sr. Faculty
WRD Division

G. Naresh, *M.Tech*, (Ph.D)
Jr. Faculty
WRD Division

COURSE FEE

Residential Fee is Rs.20,000/- per participant. Residential fee includes course material, course kit, and twin-sharing / single AC accommodation as per availability, Breakfast, Lunch, Dinner, Tea / Coffee and Snacks.

DISCOUNTS

Non-Residential Fee: 10% discount on course fee is allowed for non-residential participants.

Group Discount: Additional 10% discount for three or more participants if sponsored by the same organization.

(All discounts are applicable only if fee is received at ESCI before the commencement of the programme)

GST @18% as applicable is to be paid extra over and above the training fee. **PAN Card No** AAATT3439Q; **GSTIN** 36AAATT3439Q1ZV (under commercial training or coaching services).

Programme fee is to be paid in favour of “**IE(I)-Engineering Staff College of India**” in the form of demand draft payable at Hyderabad.

Alternatively the payment may be made by **Electronic Fund Transfer (EFT)** to ESCI - SB A/c No. 10007111201 with The SBI, PBB, Rajbhavan Road Branch, Khairatabad, Hyderabad-500004 by **NEFT/ RTGS/ IFSC Code No.** SBIN 0004159 – MICR No.500002075. **While using EFT method of**

payment, please ensure to communicate us your company name, our invoice reference and programme title.

REGISTRATION

Online registration shall be available on ESCI website. To register manually, please send your nominations giving details of name, designation, contact address, email address, mobile, telephone and fax numbers of the participant along with the details of mode of payment of fee, addressed to:

Head
