Introduction

Housing availability, sustainability goals, and economic changes are compelling cities to better plan for the future. ArcGIS, a popular geographic information system (GIS) contains visualization and editing enhancements that enable planners and design professionals to manage the city’s development plans, analyzing factors contributing to decisions, and sharing information with the stakeholders.

ArcGIS provides a geospatial infrastructure that allows organizations to leverage geographic information system (GIS) technology at scale—with rich content and advanced tools for mapping and analytics that help professionals solve problems holistically and improves planning and decision-making to urban planning. Via web-based 3D application it supports digital transformation of city, regional and scenario planning and impact assessment and encourages collaboration with community stakeholders and help all groups work toward a more sustainable future. By considering the above factors and importance of ArcGIS in today’s world ESCI has introduced three days hands on Training Programme on ArcGIS to increase participants software proficiency with practical, in-class exercises. In this course, participants will learn about the benefits of ArcGIS, ArcGIS Urban and examine the Urban model.

Objectives

The Objective of this programme is to provide in-depth knowledge on use of ArcGIS, ArcGIS Urban with practical’s in class exercise.

Course Coverage

- Introduction to GIS and ArcGIS—Fundamentals, its Application and benefits
- ArcGIS Urban—Basics & creation and examining the ArcGIS Urban model
- Hands on Training Session on ArcGIS
- Group Discussion and Case Studies

Methodology

Methodology of the programme includes classroom Sessions with Lectures/discussions, with audio visual aid; bench-marked video shows, Chalk & Talk sessions, group discussions, case studies, debates, sharing of experiences, etc. All the sessions will be interactive, demanding active participation from all the participants.

Target Participants

This course is for GIS practitioners and non-GIS professionals; for administrators and developers; and for anyone who needs to use ArcGIS tools to perform their daily workflows, enhance projects with geographic context, and create information that leads to better decision-making. Officials from various Government/Private/Autonomous/NGOs/Faculty and Researchers from Academic Institutions working in the domain of geospatial technologies and its applications.
Programme Dates & Timings

Dates: 08-10 November 2023 (Prog. Code: EM 6085) & Timings: 10:00 AM onwards.

Course Director

Ms. Anita Aggarwal
Faculty & Head I/c.
Environment Management Division,
Engineering Staff College of India,
Old Bombay Road, Gachi Bowli, Hyderabad 500 032
Phone: Direct 040 6630 4120 to 4122  Fax: 040-66304163
Mob: 8374362306;
Email: em@escihyd.org

Or Contact us at: Mr. GNM. Rao (Prog. Manager) – 9866431555.

Faculty/Speaker Details

Apart from the core internal faculty, Experienced Professionals/Faculties/Sector experts will be delivering the lively lecture with practical knowledge & case study.

Course Fee

- **Course Fee** – Rs. 16,000/- (Rupees Sixteen Thousand only) per participant. Fee (Residential) includes course material, course kit, twin-sharing/single AC accommodation as per availability, breakfast, lunch, dinner, tea / coffee and snacks during the actual days of training programme.
