## Environment Management Division

### CONTINUING PROFESSIONAL DEVELOPMENT PROGRAMME Current Environment Legislation and Regulations

**13-15 March 2024**

**Interactive Sessions | Digital Learning | Assessments | 24/7 Experts Online/Offline Support**

#### Introduction

Environmental law is an integral part of any government agency. It includes a series of laws, legislations and regulations related to water quality, air quality, and other environmental aspects. The success of environmental legislation mainly depends on how they are implemented. Legislation is also a valuable tool to educate people about their responsibility to maintain a healthy environment. India has a comprehensive system of regulations to protect its natural environment and the health of its people. Considering the need to fill the gaps, ESCI, is organizing a three days training course on “Current Environment Legislation and Regulations”.

#### Objectives

This course has been designed to capacitate the people working in the field of environment and the prospective environmentalist with an objective to develop a better understanding and knowledge of the Current Environment Legislation, Regulations and their interrelationship.

This course will provide delegates a knowledge and understanding of the environmental legislative structure, current environmental legislation and how it is enforced. It will also provide an essential understanding of the full range of obligations that any organisation setting up a certified environmental management system must fulfill.

#### Course Coverage

1. Introduction and need of Environment Legislation and Regulations
2. Laws related to environment in India
3. The National Environmental Tribunal Act, 1995, Amendment, 2010
4. Case studies and Landmark cases on environment legislation in India
5. Environment Laws and rules waste management, forest and wildlife, air, water and Environmental Protection Act;
6. Various environmental laws and regulations and how to meet the obligations of industry and individuals;
7. Understanding of international treaties and agreements Government of India subscribes to the impact of non-compliance with such agreements on business.
8. A global perspective on environment laws.
9. Case Study, Group Discussion/Activity, Field Visits based on availability.

#### Methodology

Methodology of the programme includes classroom Sessions with Lectures/discussions, with audio visual aid; bench - marked video shows, Chalk & Talk sessions, group discussions, case studies, debates, sharing of experiences, etc. All the sessions will be interactive, demanding active participation from all the participants.
