Old Bombay Road, Gachi Bowli, Hyderabad – 500 032. Telangana, India

INFORMATION TECHNOLOGY DIVISION

CONTINUING PROFESSIONAL DEVELOPMENT PROGRAM

Cyber Security Best Practices for Managers and Executives

(Case study based Hands-on Practical Training)

22 – 24 April 2024

(Online / Offline Program)

Introduction

In today's computer world, networks are playing pivotal role in business, most of the organizations and enterprises depend on different kinds of Information Technology solutions like e-commerce, e-governance, e-learning, e-banking etc. These communications data must be secured and under control since the information stored and conveyed is ultimately an invaluable resource of the business. Securing vital resources and information in the network is the most challenging feat for system enterprise. The growing number of the computer Networks (internet/intranet) attacks and sophistication in attack technologies has made this task still more complicated.

The Course provides knowledge and skills to protect their information assets. The Participant is introduced to various computer and network security threats such as identity theft, credit card fraud, online banking phishing scams, virus and backdoors, emails hoaxes, loss of confidential information, hacking attacks and social engineering

Objective

- The instructor-led course will provide knowledge and skills to protect your information assets
- Training provides knowledge and skills to preventing cybercrimes and ensuring network security.

Course Coverage

- Foundations of Security
- Types of Network Attacks
- Security Threats and Vulnerabilities
- Securing Operating Systems
- Protecting Systems Using Antiviruses
- Data Encryption
- Data Backup and Disaster Recovery
- Internet Security
- Securing Network Connections
- Wireless Security
- Securing Online Transactions
- Securing Email Communications
- Social Engineering and Identity Theft
- Security on Social Networking Sites
- Information Security and Legal Compliance
- Securing Mobile Devices.
- Best Practices for Information Security Management
- National Institute Of Standards And Technology (Nist) Guidelines
- Security Laws and Standards,
- IT Act 2000/2008

Methodology

Methodology of the programme includes

- Instructor led Hands-on Practical Classroom training at ESCI Lab for Offline Participants
- Online Interactive Hand-on Practical sessions for Online Participants.
- Chalk & Talk sessions, group discussions, case studies, debates, sharing of experiences.

Centre for Promotion of Professional Excellence

(An ISO 9001:2015 Certified, AICTE & CEA Recognized Institution)
