## Nature based Solutions for Sustainable Development

**22 – 24 May 2024**

**Interactive Sessions | Digital Learning | Assessments | 24/7 Experts Online/Offline Support**

### Introduction

Join us for an immersive Continuous Professional Development Programme (CPDP) on "Nature-based Solutions for Sustainable Development," where we delve into the transformative potential of harnessing nature to address pressing environmental challenges. In collaboration with leading experts and practitioners, this programme offers a unique opportunity to gain insights, exchange ideas, and explore practical strategies for integrating nature-based solutions into development initiatives.

### Objectives

- ✦ **Understanding Nature-based Solutions:** Explore the concept of nature-based solutions and their role in promoting sustainability, resilience, and biodiversity conservation.
- ✦ **Showcasing Best Practices:** Learn from real-world case studies and success stories showcasing the effectiveness of nature-based approaches in diverse contexts.
- ✦ **Building Capacity:** Enhance your knowledge and skills in designing, implementing, and monitoring nature-based projects for sustainable development outcomes.
- ✦ **Fostering Collaboration:** Facilitate networking and collaboration among stakeholders, including policymakers, practitioners, researchers, and community representatives.

### Course Coverage

- ✦ **Keynote Presentations:** Gain insights from renowned experts on the science, policy, and practice of nature-based solutions.
- ✦ **Panel Discussions:** Engage in dynamic discussions with multidisciplinary panels exploring the opportunities and challenges of mainstreaming nature-based approaches.
- ✦ **Field Visits:** Experience nature-based solutions in action through guided visits to local projects, showcasing innovative approaches and tangible outcomes.
- ✦ **Networking Opportunities:** Connect with like-minded individuals and organizations committed to advancing sustainable development through nature-based solutions.

### Methodology

Methodology of the programme includes classroom Sessions by expert faculty, with Lectures/discussions, with audio visual aid; bench - marked video shows, Chalk & Talk sessions, group discussions, case studies, debates, sharing of experiences, etc. All the sessions will be interactive, demanding active participation from all the participants.

### Faculty/Speaker Details

Apart from the core internal faculty, Experienced Professionals/Faculties/Sector experts will be delivering the lively lecture with practical knowledge & case study.

(An ISO 9001:2015 Certified, AICTE & CEA Recognized Institution)

**Centre for Promotion of Professional Excellence**

## Target Participants

- ✦ Environmental policymakers and planners
- ✦ Conservation practitioners and natural resource managers
- ✦ Researchers and academics in environmental science and sustainability
- ✦ Representatives from NGOs, community-based organizations, and civil society
- ✦ Students and educators interested in environmental conservation and sustainable development

## Programme Dates, Timings & Code

Dates: 22 – 24 May 2024 / Timings: 10 AM Onwards. / 8044
